

Sprint: Hradec Králové

The embargoed area is defined using the borders marked on the definition map. The whole area inside these borders is **TOTALLY EMBARGOED**, the access is completely forbidden to any person who might be involved in the event as a competitor or who would take part in any way in team preparations. It is, however, allowed to **DRIVE** through the area using the main roads, marked yellow on the definition picture (no stop or parking inside the embargo). The area of the town's main square **Velké náměstí** as well as its two main access roads with its sidewalks are not embargoed, to enable the JWOC participants a visit in the very heart of the city. (While doing so, please do strictly respect the embargo limits - any violation might lead to a disqualification of the whole team. Do play fair!)

Totally embargoed

Allowed to drive
